

Tools for Improving Child Find

Unlock the potential of your school district's Child Find systems with our upcoming workshop!

This session is focused on equipping educators and administrators with the tools and strategies needed to enhance Child Find practices and ensure no child falls through the cracks.

In this workshop, participants will:

- Learn the importance of Child Find and what their legal obligations are
- Delve into the significance of having a robust Child Find System
- Learn how to implement data-driven solutions based on completing a self-assessment of current practices geared to create a plan for ongoing improvement and refinement
- Learn how to address equity and access by considering ways to address disparities in access to child find services to ensure equitable opportunities for all children, regardless of background or circumstance
