

Parent Outreach & Support

Journey through Early Intervention: A Parent's Story

December 4, 2024
3:00 - 4:00 p.m.

In this enlightening presentation, we delve into the intricate pathways of early intervention and special education assessment through the eyes of a parent. Presented in Spanish and English, parent Silvia Torrico will share her unique perspective in Spanish and Elena Sanchez, the Executive Director of San Gabriel Pomona Parents' Place Family Resource & Empowerment Center will provide English translation.

Attendees will accompany Silvia's journey as a mother filled with challenges, triumphs, and invaluable lessons learned. From initial concerns about her child to navigating assessments, Individualized Education Programs (IEPs), and accessing support services, this presentation sheds light on the emotional, logistical, and educational facets encountered along the way. With heartfelt anecdotes and practical advice, participants will gain a deeper understanding of the complexities involved in advocating for a child's needs within the special education system. Join us on this illuminating voyage, where personal experiences intertwine with professional insights to empower families and educators alike in fostering inclusive educational environments.
