

Interagency Collaboration

Providing resources and support to establish and maintain effective interagency collaboration as children and families transition from IDEA Part C to Part B

The CalECSE Interagency Collaboration Exemplar Leads are offering a NO-COST presentation

Developing and Sustaining Successful Interagency Collaborations and Agreements:

A Guided Review of CalECSE Resources
on Interagency Collaboration

Interagency collaborations are successful when partners engage in establishing practices that deepen and expand beyond the written interagency agreements required by law.

This session will provide administrators and managers from Regional Centers and LEAs a detailed overview of the CalECSE flow chart on Developing and Sustaining Successful Interagency Collaborations and Agreements. The presentation will include information on how to access and implement these resources.

Join us to discover how the CalECSE flow chart can be utilized to strengthen interagency collaboration for new and seasoned administrators and managers alike.
