

Innovative & Inclusive Practices: How to Build an Inclusive Program

January 16, 2025
3:00 p.m. to 4:30 p.m.

CALECSE's Innovative and Inclusive Practices Exemplar Lead team will discuss the development and implementation of an inclusive preschool program that is located in Southern California.

Highlights will include the benefits of inclusive education for children with and without disabilities, and address challenges and barriers to implementing and starting an inclusive preschool program from the ground up. We will identify potential solutions, and offer practical tools and resources for building and sustaining inclusive preschool environments. "An Inclusive Field of Dreams," which was presented at the CalECE Symposium in October 2024, offers a unique opportunity for stakeholders in early childhood education to come together, learn from each other, and collectively advance the growth of inclusion in preschool settings. Bonita Unified School District will share their process of how the BLAST Inclusion program started and the journey to build a thriving and growing Preschool Inclusion program.

Don't miss this opportunity to create a positive impact on all learners!

Register Today.
