

Setting Up For Success:

Developing an Assessment Team for Early Childhood Special Education, Part 2

February 25, 2025
12:00 p.m. to 1:00 p.m.

This is part two of a Q&A series to support local education agency administrative staff in the development of functional assessment teams.

Our first session focused on a larger California district and this session will highlight assessment team practices from a smaller more rural location. We look forward to the collaborative hour as we dive into practices occurring in the field.

Register Today.
