

# Tiny Hands, Big Feelings: Growing Social-Emotional Learning (SEL) in the Early Years

Join us for a no-cost, virtual seminar on strengthening social-emotional instruction in early childhood classrooms. Together, we'll explore foundational concepts in social-emotional learning—grounded in the California Preschool and Transitional Kindergarten Learning Foundations (PTKLFs) and the Collaborative for Academic, Social and Emotional Learning (CASEL) competencies—while highlighting inclusive frameworks for supporting children's emotional growth.

Presenters will guide participants through practical strategies such as the Teaching Pyramid and embedding SEL in daily routines, along with an overview of evidence-based curriculum options including Kimochis, Second Step: Early Learning Foundations, Frog Street Early Learning resources from the Center on the Social and Emotional Foundations for Early Learners (CSEFEL). Whether you're new to SEL or looking to deepen your practice, you'll leave with tools, ideas, and curriculum options to use immediately in your classroom.
